

Ministry Connection

Each one of us has special God-given talents. We can use these gifts to make disciples and meet the needs of people in our church, our community, and our world. Please review the list of opportunities below and check all the areas that interest you. Coordinators will receive your information, and may call on you as needs arise. Completing this form does not commit you. It allows leadership to contact people who already have an interest or gift in these areas. We are glad you are a part of the Brook Hill family and look forward to serving together in Christ! Please return this form to the church office or in one of the pastors' mailboxes in the narthex. Please fill out **one** form per person.
